

FOUR SENTENCES YESTERDAY

Jail Sentences Imposed in Three Cases of Smuggling By Judge Doan

Counterfeiter Pleads Guilty and Received Sentence of Two Years

(Special to Review.)
TOMBSTONE, Ariz., April 29.—In the United States court this morning James W. Pierce, who was indicted by the grand jury of the crime of smuggling, which was committed when he failed to pay the duty on a saddle horse, which he brought across the line, and who on yesterday afternoon entered a plea of guilty to the indictment, was fined the sum of \$75 and ordered committed to the county jail until the fine was paid.

Todoro Romero, who was indicted on a charge of smuggling twenty-five barrels of potatoes at Nogales, and who entered a plea of guilty to the indictment, was sentenced to serve six months in the county jail, less the time that he has been in custody, which will materially cut down the time he will be the guest of Sheriff White.

J. W. Campbell, who was also indicted on a charge of smuggling, withdrew his plea of not guilty, entered yesterday, and entered a plea of guilty and was sentenced to the county jail for ten months in the county jail.

Two Years for Counterfeiter
Henry Stevens, alias Stover, who was indicted on the charge of making and passing counterfeit \$20 gold pieces, entered a plea of guilty and was sentenced to serve a term of 24 months in the territorial penitentiary and to pay a fine of \$200. He made a confession to the United States secret service agent, Hazen, and told him where to find the molds, etc., which were found on a ranch near Nogales and destroyed by the government officials.

Grand Jury Adjourns Monday
The grand jury came into court shortly after the noon hour and made another partial report. They ignored the charges against three parties who were ordered released from custody and returned two indictments, one of which was against the territorial penitentiary and a bench warrant was placed in the hands of the marshal for their arrest. The other indictment was against Jose Elites, who is indicted on the charge of bringing an alien into the United States. Elites entered a plea of guilty and is to be sentenced May 2.

"So you have broken your engagement with Charley Nipperman?"

"Yes, I simply could not stand for his slings. Why, the life of junk that he handed out was so fuzzy that he had me going half the time. I could not get to him at all."—Chicago Record-Herald.

"Fine weather," remarked the passenger. "So I've learned to my sorrow," replied the chauffeur, as he gave the steering wheel a quick turn to avoid running over a policeman. "I've paid three in the last week."—Judge.

It has been suggested that one of the most desirable forms of "sky-wear" for use in flying would be a "life-saving skirt" made of strong umbrella silk cut very voluminous, so that when blown with wind it takes the form of a parachute.

First Fare on the Comet.
Dr. John Ingalls remembers a conversation with an old gentleman who claimed to have been the first to pay passage money on board the first passenger steamer in Europe—the historic Comet. The voyage undertaken was from the Bromfield to Baltimore—fourteen days by way of New York—and the fare was four shillings. It was taken by Henry Bell Blaisell, the Comet was stopped and waited for half an hour till Bell and his passenger adjourned to an inn, where the first fare was the toast of prosperity to the pioneer passenger steamer.—Glasgow Herald.

PICKED FROM THE ARIZONA PRESS

MEXICANS AND COWBOYS MIX
FLAGSTAFF, April 29.—George Black's place of business Wednesday morning looked very much like Carrizo Nation had been working on it with her hatchet. A gang of Mexicans, about 30 in number, started a rough house along about 12 o'clock with a number of cow-punchers who were playing pool in the rear of the saloon, and were run out of the place during a general melee. Billy Robinson was bumped on the head with a rock and a puncher named Duke received a vicious wound in the forehead from a sharp rock in the hands of an enraged Mexican. His partner just saved him a vicious knife thrust in the abdomen by knocking out a Mexican with his fist.

When outside the Mexicans gathered up large rocks and heaved them through the front windows, smashing things up generally.

CRUSHED TO DEATH.
(Globe Belt.)

Caught beneath a fall of rock in the Old Dominion mine, Nick Wolbach, an Austrian miner, was crushed to death Sunday morning.

Wolbach was working on the 12th level of the mine when the cave-in occurred. Without warning the roof of the drift came crashing down upon him and before he could move, he was so badly crushed that he could not recover.

His right leg and left ankle were broken and he was badly injured internally. The latter injuries are said to have caused his death.

He was hurriedly removed from beneath the debris by his fellow workers, but he was so badly crushed that he lived but a short time.

Wolbach was 39 years of age and unmarried.

AMSTER BUILDING IN GLOBE.
(Globe Belt.)

The contract for the erection of the N. L. Amster building at Broad and Bailey streets was let to Charles E. Fruin yesterday.

The contract price was not made public, but it is understood that the building, when completed, will represent an investment of about \$12,000.

The building will be of brick, two stories in height and of substantial and ornamental construction. The lower floor will be divided into two rooms, much as the old building is now.

The Sang, who conducts a restaurant in the old building, will have about the same space in the new building. The balance of the space, where Miller's restaurant is now located, will be occupied by Allen Smith, with a catering establishment.

The upper floors will be arranged in suites for office rooms.

It is probable that the work of demolishing the old building will be commenced as soon as the material for the new building is on hand. It is understood that the present tenants will be given as much more time in the old building as is possible.

ON THE WAR PATH.
The Mesa correspondent of the Gazette says: The Big Sioux Indian, J. W. LeBlanc, who is wanted here on the charge of obtaining money under false pretenses, and who has been liberally branded as a fraud and a grifter, seems to have taken to the hills, armed with a rifle and two revolvers. Constable W. A. Burton and Sheriff McGee of Pinal county have been on his trail for the past three days, and when they were last heard from, thought they had the big "Indian" pretty nearly trapped. It seems that LeBlanc cut wind of the fact that he was wanted in Mesa for graft and that warrants had been issued for his arrest, so he took to the hills, donned his war paint, carrying vengeance on the white man. His education at Carlisle seems only to have civilized him in part, but he is a savage.

The Indians at Sacaton are very much excited over the affair.

HURT BY FALL FROM TREE.
(Yuma Sun.)

Johnnie Perkins, a fifteen-year-old boy who lives in the valley had a narrow escape from death Saturday afternoon. While playing he fell from a tree and an arrow weed passed

through his neck and broke off. The weed was nearly a half an inch in diameter. It entered the neck to the left of the jugular vein and passed entirely through the neck, breaking off and leaving a piece three inches long in the boy's neck. He was hastily loaded into a wagon and driven to town. Drs. H. W. Houf and E. B. Ketcherside cut the piece of arrow weed out of the boy's neck and dressed the wound. He was taken on the wagon back to his home in the valley and late Monday was getting along very well. His escape from instant death was almost miraculous as the arrow weed only missed the big vein by a hair's breadth.

ARIZONA HISTORIAN.
(Yuma Sun.)

Mulford Winslow, state historian, who has been in Yuma for the past month looking after his many interests in these parts, left Sunday evening for Phoenix where he will assume his new duties and begin to draw his pay. His wife will visit relatives in Tucson for a few weeks before joining her husband at Phoenix.

NEW CASHIER.
Announcement has been made by President M. P. Freeman that H. A. Estabrook of San Francisco has been selected as cashier for the Consolidated National bank to fill the vacancy caused by the death of H. R. Tenney.

Mr. Estabrook is at present connected with the American National bank of San Francisco. He will assume his new duties on May 10.

He is 45 years of age and is married. He will remove to Tucson with his family early in May and will have his residence in this city. He has had 18 years' experience in the banking business. He has been connected with the San Francisco bank for the past four years. Previous to that time he was for seven years a resident of Bellingham, Wash., where he was connected with different banking institutions. He resided for several years also in Seattle where he was connected with the Washington National bank, now merged with the National Bank of Commerce of Seattle.

TUCSON WILL ENTERTAIN THE CALIFORNIA MASONS.
(Citizen.)

C. W. Hinchcliffe, who has just returned from California, has brought word that the delegates of Masons, who will come to Tucson on a special train one week from Thursday, bringing with them the traveling Masonic trowel, are looking forward to their trip with much pleasure.

All the available automobiles in the city will be secured in order that the visitors may be shown about the town. They will be taken for a ride about the city in the afternoon and the evening and in the evening will be entertained at the Masonic hall.

In the Los Angeles party will be a number of the past masters of the various Masonic lodges in southern California and in the party also will be a number of the most prominent Masons of that section.

They will depart for El Paso on a special train in the evening of the day they arrive.

ALL WERE ACQUITTED.
(Tucson Star.)

That a "clean sweep" was accomplished at the April term of the district court of Santa Cruz county, by acquitting each and every defendant on trial, is the statement of Attorney John B. Wright, who just returned from Nogales, where he was employed in a case before that tribunal.

Murder cases and less important ones were treated alike. Court was in session but a few days, but a large number of cases were tried, the prosecution failing to win one of them.

Mr. Wright went to Nogales in connection with an alleged cattle rustling case, in which Al Johnson, a prospector, was accused of killing an Indian from one of the herds of the Empire Cattle company. Despite the fact that witnesses had seen the killing and the defense had no testimony save that of his own, he was acquitted after his attorney made a strong anti-corruption oration before the jury.

Oyster Pepper Roast.
Pick over one dozen large oysters, drain the liquor and measure; there could be one-half of a cupful. Add the oysters with one teaspoonful of salt, two tablespoonfuls of butter, one-half of a tablespoonful of tomato, and two tablespoonfuls of chopped green and red peppers. Turn into a fat dish and cook in a hot oven until the edges of the oysters curl, then pour over buttered toast.

AFTER GREENE'S GOOD CASH

Well Known Men Are Alleged to Have Entered Into Compact To Get His Money

Mrs. A. C. Busteede On Stand Reluctantly Tells of the Conspiracy

According to a story told by Mrs. Anna C. Busteede, in a trial in Santa Cruz, Cal., a few days ago with great reluctance, several well known men named entered into a compact with Maor McLaughlin to bring suit against Colonel W. C. Greene for \$10,000,000 in connection with the Cananea mining property in Mexico, which Colonel Greene had acquired from a land and cattle company.

Major McLaughlin was to bring suit against the colonel, according to Mrs. Busteede for \$10,000,000 alleging that the moral right to the land had not passed to Colonel Greene and he was to compromise with the colonel for \$1,000,000, if the opportunity offered.

The major was to receive \$500,000 if the compromise was effected, and say half of this sum to Judge M. F. Cleary, who was to handle the legal end of the proceedings.

When pressed upon cross examination, Mrs. Busteede was exceedingly reluctant to bring in the names of the men mentioned and at one time stated that the major had not mentioned their names. The names were introduced into the proceedings when the witnesses mentioned that Major McLaughlin had an interest in the Cananea property. Pressed for an answer as to the nature of this interest, she said:

"You had better ask Senator Perkins and D. M. O'Gorman."

"Who else can give us information?" asked the attorney.

"Go to Senator Perkins, George Hutton, Governor Gillett, Judge Cutler, up in Eureka," said the witness.

Mrs. Busteede said that the major had declared that Colonel Greene said the suit was a blackmailing scheme and that she and the major had laughed over the proposition of M. M. O'Gorman making such a contract with the major.

Mrs. Busteede testified that after the San Francisco trial, Senator Perkins, the major, Governor Gillett, Hutton and O'Gorman and another agreement was drawn up whereby the major was to receive one-half of the amount obtained from Greene.

Colonel Greene, who is now at the Alexandria in Los Angeles, refused to make any statement as to the charges or to discuss the matter in any way.

Senator Perkins, when asked in Washington, D. C., about the statement of Mrs. Busteede, said:

"I never heard of Anna Busteede in my life. I never wrote a letter to Major McLaughlin. So far as I can see, the story is a fabrication out of whole cloth."

"It is a fact that ten or fifteen years ago—so long that I have forgotten it—I was in a company of which Richard Gird of Los Angeles was president, and for some time I was in the company. I never heard that there was any misunderstanding about it."

"Mr. Gird is now in Los Angeles, and perhaps he might enlighten you on the transaction, which was a simple sale, as many other sales have been made, and will be made."

Ginger Snaps.
Mix together a half-cup each of butter and lard, creaming them thoroughly with two cups of sugar, add a beaten egg, a cup of molasses, a half-cup of strong hot coffee, a heaping teaspoonful of baking soda dissolved in the coffee, a teaspoonful each of cinnamon, cloves and ginger powdered, and enough flour to enable you to roll out the dough. Roll thin, cut out and bake in a quick oven.

Hot Pot.
Boil a little veal 20 minutes; take a few brins and beat with an egg and season; then put in a buttered dish a layer of chopped veal and chopped onion; then a layer of oysters; then a layer of brins and so on until the dish is full. The top should be crockery. Before putting in to bake put in the oyster liquor and the veal broth. Cover and cook about one hour.

The Hour Glass.
Instead of being obsolete and simply an interesting relic, the hour glass in various forms is a twentieth century necessity. A machinist authority points out that for such purposes as timing, handling and tempering heats in a twist drill manufacture, where seconds or minutes must be gauged accurately, nothing serves like the hour glass with the right amount of sand. Accuracy to fractions of a second can be had much more easily than by watching the hands of a watch.
